

GREEN FOX ACADEMY - Month 0. Homework

1. <https://typing.io/> Practice typing with special characters. It's OK to not understand everything you type for now. The goal is only to reduce time spent finding those tricky moustache braces and let you concentrate on the important things when we get started for real. Bonus task: You have Hungarian keyboard layout on your computer? Set it to English, try it out with that. See how much easier your life just got?

<https://typing.io/lesson/javascript/jquery/traversing.js/1>

2. <https://github.com/> - You must already have a github account as it was one of the tasks at simulation. If you haven't already, add a recognizable avatar and fill your profile info. Add your github handle to [this spreadsheet](#) so that we can add you to the class organization.

3. <https://atom.io/> - Install atom editor.

Bonus task: Get to know it, change the theme, install a few packages that you are interested in.

4. To watch: Watch this Khan Academy video series on how the Internet works:

<https://www.youtube.com/watch?v=iV-YqG70wbQ>

<https://www.youtube.com/watch?v=MwxMsaFFycg>

https://www.youtube.com/watch?v=aD_yi5VjF78

<https://www.youtube.com/watch?v=1K64fWX5z4U>

<https://www.youtube.com/watch?v=6-JjHa-qLPk>

<https://www.youtube.com/watch?v=5k24We8pED8>

Bonus task: Explain someone how the internet works! To your grandma, dad, kid, neighbor in the elevator, cat, you name it.

5. To watch II: Watch these videos on how a computer works:

https://www.youtube.com/watch?v=JLrK_NNekh0

<https://www.youtube.com/watch?v=-i23l4SMiVM>

<https://www.youtube.com/watch?v=cZYnPHeRa4Q>

https://www.youtube.com/watch?v=cNN_tTXABUA

Bonus task: Rewatch the last video a few times to get it :)

6. <http://greenfox-academy.github.io/> - If you haven't already, go through this exercise! (You can proceed by clicking on the fox/speech bubble)
